To ensure durability Anney is made from a combination of painted panels or painted panels with solid oak tops. A characteristic of oak are its natural imperfections such as small knots, cracks, blemishes and slight colour variation. These features are a natural part of any real wood product and make each piece of furniture unique. Care should be taken to avoid extremes of heat and moisture which may adversely affect the furniture. As with any furniture made from wood or wood products there may be some movement while the furniture adjusts to its atmospheric conditions.

Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice. All dimensions are correct at the time of printing. Imperial measurements are rounded to the nearest quarter or half inch, and metric measurements are rounded to the nearest 5 or 10mm. E & OE.
