Why buy Country Oak?

Country Oak is a range of classically styled pieces made from Oak. Beauty and quality is assured, all cabinets are manufactured in our factory in Oxfordshire and each of the four finishes available is carefully applied by hand to enhance the grain and texture of the wood.

Country Oak is available with two handle types (metal or wood) to allow you to choose a style to match your home's interior design.

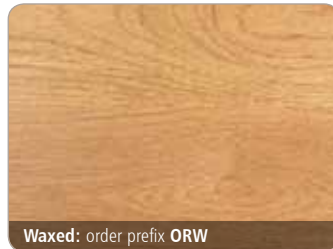

Dovetailed drawers, sturdy plinths and standard quality features such as lockable display cabinets, integrated internal lighting and toughened glass shelves ensure that Country Oak will continue to enhance your home for many years to come.

Finishes

Four attractive finishes are available for Country Oak furniture. To order your chosen finish, please prefix the model code with the appropriate finish prefix. For example OR956 in Satin finish with Metal handles should be ordered as ORSM956.

Please note: The individual products in the living and dining section of this brochure have been photographed in the Waxed finish with metal handles. The individual products in the bedroom section have been photographed in the Waxed finish with wooden handles.

Satin A durable silky lacquer is applied giving maximum durability and a modern finish which is smooth to the touch and has a silky sheen.

Chestnut A durable, smooth to the touch, rich chestnut silky lacquer.

Waxed A wax is applied to give a naturally textured lustre, with a traditional finish and feel.

Oiled A Danish oil is applied giving a matt finish which highlights the natural grain of the wood and retains the warm natural character and feel of the oak. Occasional re-oiling may be required.

Handles

Country Oak furniture is available with either metal or wooden handles. To specify metal handles please add the letter M after the finish code. For wooden handles, please add the letter H after the finish code. For example OR956 in Satin finish with Wooden handles should be ordered as ORSH956.

Please note: If wooden handles are specified, they will match your chosen finish.

Characteristics

The wood may contain knots and cracks which adds to the rustic feel of Country Oak and makes each piece unique and full of character. The drawers and tops are slightly rounded on the edges to add a gentle touch.

Fabric

There is a wide range of fabric options available for the cross back chair shown on page 8 and the bedroom stool shown on page 10.

Your Country Oak stockist will be happy to show you a swatch of these fabrics.

The wood for Country Oak is especially chosen for its character. Cracks, open knots and colour variations are characteristics of the wood used to ensure each piece is unique and full of character. Selected Oak veneers are used where appropriate.

Care should be taken to avoid extremes of heat and moisture which may adversely affect the wood. As with all wooden furniture there is likely to be some movement while the wood adjusts to its atmospheric conditions.

Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice.

All dimensions in this brochure are believed to be correct at the time of printing, but may subsequently vary, therefore if dimensions are critical please check with your retailer.
