Nimbus

Nimbus Dining Collection

The simple styling of the dining tables, combined with the comfort of the slatted or fully upholstered chairs covered in soft leather, or silky-smooth microfibre, ensures that Nimbus dining furniture is equally great for everyday use, or formal dining occasions.

Designed with flexibility in mind, the compact table is ideal for smaller spaces, the small table comfortably seats four or six people, and the larger table easily accommodates six or eight people.

Extending Tables

If you require further flexibility, we offer extending versions of these tables. When extended, the small table will comfortably seat up to six people, and the large table, up to ten. When closed, the leaves store neatly beneath the table top.

Chair ordering

Unless specified, the chair wood finish will match the table ordered. If ordering chairs on their own please specify finish (i.e. oiled, lacquered or satin).

All individual items are shown in lacquered finish with metal handles.

To ensure durability Nimbus is made from a combination of solid oak and veneered panels. A characteristic of oak are its natural imperfections such as small knots, cracks, blemishes and slight colour variation. These features are a natural part of any real wood product and make each piece of furniture unique.

Care should be taken to avoid extremes of heat and moisture which may adversely affect the wood. As with all wooden furniture there is likely to be some movement while the wood adjusts to its atmospheric conditions.

Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice. All dimensions in this brochure are believed to be correct at the time of printing, but may subsequently vary, therefore if dimensions are critical please check with your retailer. Imperial measurements are rounded to the nearest quarter or half inch, and metric measurements are rounded to the nearest 5 or 10mm. Articles used for decoration and styling are not included with the products offered. Colours are as accurate as the printing process allows.
