Jivaro is made from New Zealand Pine and is deliberately aged and distressed. A characteristic of Pine is its natural imperfections such as knots, cracks, blemishes and colour variation. These features are a natural part of any real wood product and make each piece of furniture unique.

Care should be taken to avoid extremes of heat and moisture which may adversely affect the wood. As with all wooden furniture there is likely to be some movement while the wood adjusts to its atmospheric conditions.

Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice. All dimensions are correct at the time of printing. Imperial measurements are rounded to the nearest quarter or half inch, and metric measurements are rounded to the nearest 5 or 10mm. E & OE. Articles used for decoration and styling are not included with the products offered. Colours are as accurate as the printing process allows.
